Import/Export Air Freight

What air freight cargo means to us:-

- C= Consolidated Consignments
- A= Airport To Airport (Door To Door)
- R= Right Away (Direct, Ad-Hoc)
- G= General & Hazardous Commodities
- O= Oversized Shipments

Our experienced air freight team will research the most competitive rates to match the service you require. We will always strive to be your complete freight forwarding solution.

Import/Export Ocean Freight

What ocean freight cargo means to us:-

- C= Consolidated (Less Than Container Load) Consignments
- A= All Container Types 20', 40' & 40' HC Full Container Loads
- R= Ro/Ro & Automobiles
- G= General & Hazardous Commodities (All Kinds)
- O= Out Of Gauge & Project Cargo

We make every effort to provide a reliable and an on time ocean product that delivers the right results. Our service encompasses a door-to-door solution to any location in the world overseen by our ocean freight experts.

Door-to-Door Air & Surface Courier

What courier freight means to us:-

- C= Consolidated Consignments (Economy)
- A= Almost Right Away (Two Day To Most Locations)
- R= Right Away (Next Day To Most Locations)
- G= General Commodities
- O= Over-The-Road Program Available

We offer a "CSFI against the CLOCK" courier program that caters to shipping envelopes and small packages within Canada and internationally. This service provides an alternative for undersized shipments that, if sent via a standard freight forwarder, would incur heavy costs.

Ground Transportation

What ground freight means to us:-

- C= Consolidated (Full & Less Than Full Trailer Load) Consignments
- A= Across North America
- R= Right Away (Express Shipments)
- G= General & Hazardous Commodities (All Kinds)
- O= Overland & Intermodal Containers (Domestic: 48' & 53' & Ocean: 20', 40' & 45')

Our ground freight team is committed to being on time and on budget with a dedicated network of professionals. We combine the best of local and regional trucking companies, together with all the major railroads throughout North America. The results are fast, reliable trucking services, anywhere, anytime whether the shipments are regular, occasional, between difficult-to-handle transportation points or need expedited service.

Customs Clearance

A timely and cost effective customs clearance process is our primary focus. Our expert team of licensed brokers and support personnel, located in Vancouver, enables us to efficiently deliver the highest level of customer service. An interface with all customs accounting and reporting systems facilitates a timely and effective customs clearance process.

Warehousing

Our partnerships with bonded companies enable us to offer short and long-term warehouse-based logistics through their state-of-the art facilities.

Distribution

We can load your shipment at point of origin, sort by final destination and ship direct to the intended locations, ensuring that your inbound and outbound supply chains unite with accuracy and efficiency.

Deconsolidation

We provide low-cost, highly flexible deconsolidation and domestic consolidation of marine containers. Expedite delay-in-transit or transload import shipments to reduce inland transportation costs or distribute to multiple final destinations.
